Muya Praline

I have had the pleasure of photographing the exquisite praline chocolates crafted by Marie Mang, a talented pastry chef renowned for her previous work at a Michelin-starred restaurant. For the past three years, I have had the privilege of capturing the delectable and awe-inspiring creations of her company.

Collaborating with Marie on each photo shoot, we meticulously design and style each shot, exchanging ideas to create a unique and distinct motif every time.

Video Shooting

I created a promotional short video for the homepage of the restaurant Facil, showcasing their culinary expertise and carefully curated ambiance. The project involved conceptualizing a storyboard, video editing, and selecting suitable music to enhance the overall presentation.
